

# Tunstall Healthcare SHE Policy Statement

Owner: **SHE Advisor**

Department: **Safety, Health & Environment**

It is the Policy of Tunstall Healthcare (UK) Ltd to ensure that, at all times, we manage our operations and activities responsibly. To do this, we shall set and define Company Business Objectives to:

**“Protect the health and safety of our employees, our contractors, our customers and the general public and whilst keeping them from harm we shall also ensure that any adverse impact on the environment is minimised”.**

*This is achieved by:*

- Ensuring that all of our activities are performed professionally and to the best of our capabilities using 'best practice' wherever possible.
- Complying, as a minimum, to all applicable Health & Safety, Environment (SHE) and Human Resource Legislation, to the Tunstall Healthcare (UK) Ltd SHE Policy values and to other requirements such as those requested by our customers.
- Ensuring that any decision making activity we carry out, considers all of the SHE aspects alongside any other Business information in an equal and balanced way.
- Planning, designing and managing our activities in order to minimise our identified safety, environmental and health impacts, to prevent pollution and to provide for a work culture in which safety hazards have been fully assessed and appropriately controlled.
- Ensuring all our staff are made fully aware of their SHE responsibilities and are properly trained in order to carry these out.
- Challenging the materials, plant and processes we have historically used to assess the benefits of viable alternatives. Taking into account the Tunstall Healthcare (UK) Corporate and Social Responsibility Policy including the expectations and concerns of our local communities, aspects of cultural heritage and assessing the short and long term benefits against costs and liabilities.
- Striving for an all-round, measured and continual improvement in our SHE performance by setting objectives and targets that are consistent with the aims of this Policy.
- Systematically measuring and monitoring of the Tunstall Healthcare (UK) SHE performance and reporting results to the Tunstall Healthcare (UK) Ltd Board of Directors.
- Ensuring that appropriate resources are provided, such that the requirements of this Statement may be met.
